WIPERS THAT WORK WHEREVER YOU DO

Whether tackling critical tasks that require low-lint performance or cleaning greasy, heavy-duty machinery, Sellars' wipers are built for the job. Made with durable, high-performance materials, our wipers deliver the versatility needed across a wide range of industries and applications.

Our products are designed to handle multi-surface cleaning with ease to help simplify cleaning tasks. Many of our wipers are also made with recycled materials, reflecting our commitment to strong performance and a reduced environmental impact.

IDENTIFYING THE PERFECT PUT-UP

Wipers come in a variety of dispensing options to accommodate different applications and needs.

Quarterfold

Folded and stacked for easy access in limited spaces like workbenches or countertops.

Center-Pull Box

Keeps perforated wipers protected until use. Pull from box with one hand and carry from job to job with convenient, built-in handle.

Center-Pull Roll

Center-pull roll wipers dispense from the center for use with an economical wall-mounted center-pull dispenser.

Pop-up/Interfold

Recycled cardboard box dispenses a single wiper at a time. Ideal for areas with high levels of grease and grime.

Roll

Designed for maximum portability and simple dispensing. Can mount using a kitchen towel dispenser.

Big Grip® Dispenser & Refill

Water-resistant with built-in handle for easy transportation or for use with proprietary wall mount for easy use or storage. (Big Grip® refills sold separately)

Jumbo Roll

Highest-volume roll that fits on a fixed wall mount clearing floor space or a mobile floor stand dispenser.

COMPARING OUR WIPERS

Offering many different grades, materials and strengths, Sellars offers the perfect wiper for any cleaning task.

TOUGH ON MESSSES

TOOLBOX® brand wipers are built for messy, greasy, and oily tasks. Proudly made in the USA, they're designed to help maintain clean, efficient workspaces.

▶ **SHOP TOWELS**

▶ **WHITE RAGS**

TOOLBOX® SHOP TOWELS

Tackle even the toughest messes with Shop Towels. Strong and highly absorbent, these towels perform like cloth, making them ideal for general shop, industrial, and household tasks.

They're built to handle grease, oil, and whatever else the job throws at them, all while staying strong even when wet. EPA-CPG-compliant and made with up to 60% recycled fibers, Shop Towels can also help support opportunities to earn LEED® credits*, making it easier to promote more sustainable practices in your facility.

**Use of this product may contribute toward LEED-EB credits; however, credit achievement depends on total building performance and certification criteria.*
